

Please be our guest at the GRAR
Annual Meeting

Wednesday, October 26, 2016

12:00 noon (registration at 11:30)

Watermark Country Club, 5500 Cascade Rd SE

This year's agenda is packed with important and timely information you won't want to miss, including an economic forecast from Paul Isley, the Associate Dean for Undergraduate Programs at the Seidman College of Business at GVSU, and updates on GRAR's initiatives in 2016.

You will also take part in the advisory vote for President-Elect, and will be considering some rather significant Bylaw amendments, that are available for your review at the link below, concerning a proposed change in the composition of the Board of Directors.

It all starts with a networking lunch featuring Watermark's premium filet grilled to perfection!

Although there is no cost for you to attend this meeting, we do need your RSVP in order to provide for adequate seating and meals. Please click on the following link below and register before October 19:
