User ID - without the
ric.g in front - and
Password when
prompted)

A big THANK YOU to our
event sponsors!

CASON
Home Loans

GRAR's Safety Task Force has planned this 2-hour educational event to:

1. Provide REALTORS® with a thorough understanding of the home inspection process;
2. Enable REALTORS® to impress their buyer clients by conducting their own 15-minute, mini-home inspection during showings (not to replace a thorough inspection by an expert); and
3. Make certain that safety is always a priority with tips for fire prevention, basic first aid and CPR, and more.

Brian Cousineau, GRAR Affiliate Member and Member of the Safety Task Force will lead this session. Brian is uniquely qualified to do so as he holds a Masters of Science - Safety, Security and Emergency Management; a Masters Certificate in Occupational Safety; and a Bachelors of Science - Fire Science and Loss Control. Brian owns Code Advisor LLC and he joins Justin Sayles with Cason Home Loans as co-sponsors of this event.
